As you know, God has opened many doors for ministry here in Romania, and He has put many projects onto Broken Heart Ministries' plate. This newsletter focuses on our cornerstone program: The Transitional Living Center (TLC), helping orphans make the transition from living in an orphanage to an independent adult life.

We are currently blessed with 6 young men living in the TLC, which is physically located in the same house/church facility where we live. (Owned by our Southern California home church REFUGE/CCHB Calvary Chapel Huntington Beach.)

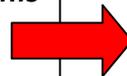

Theresa Frazier (Tre) is a full time volunteer who has come to Romania from Southern California to serve with us.

She has MANY roles and responsibilities, but a major role is that of House Parent to the TLC boys.

Marian, in the middle of this picture with Dean and Lorenzo, is attending waiter school while doing his practicum at the Hilton for the next few months.

He is a wonderfully cheerful helper around the TLC and a baby Christian - No longer of this world (NOTW).

Marius, playing the mandolin in the middle of the picture, was among the first kids who went to the first summer camp CCHB had in Romania, almost 10 years ago. What a privilege it has been to work with him all these years!

Marius is attending the university here in Bucharest and may possibly transfer to Abilene Christian University in Texas.

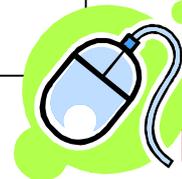

John, also one who went to the first summer camps, had already "graduated" from the TLC and moved out on his own. But the Lord prompted Luke to invite John to come back to the TLC for a year. John, Marius and Dragomir have been fast friends for years and years.

John is a very hard worker and a gifted mandolin musician as well!

Vali, to the right, has a real knack for computers and will be attending computer school as well as finishing other academic requirements. He really enjoys running and working out and is brand new in the Lord about 1 month. Thank You Jesus!

Nick came to us wanting to learn how to spread his wings on his own...He's working and attending the University for Physical Therapy.

Nick's secret desire is for the martial arts. Chop Chop!

Dragomir, another of the original campers way back when, is attending business school and working on developing his own furniture-making company. He helps out quite a bit with our church, Bob de Mustard, with AV support, running the soundboard, and taking care of lots of logistics.
